

The immersive VR glasses for education

Introducing VIVE Flow, the ultimate solution for fully immersive VR experiences in a lightweight and portable package. Designed specifically for education, training, and remote collaboration, VIVE Flow offers inside-out-6DoF headset tracking and a dual-hinge-fit design that ensures both total immersion and comfort. With VIVE Flow, learning and teaching become more enjoyable, convenient, and engaging, thanks to the power of immersive VR.

Ultra-portable and effortlessly adjustable

Weighing only 189 g, these foldable VR glasses offer unrivaled portability, making them perfect for sharing in the classroom.

Seamless controller experience

With a user-friendly and intuitive 3DoF controller, there's no need for complex setups. Even VR newcomers can effortlessly connect and control VIVE Flow.

Convenient power options

Easily connect to a battery pack for on-the-go usage, granting users the freedom to move around and providing the option for extended use with additional power banks.

VictoryXR: Global Traveler

360° VR field trips, all around the world.

Discover 126+ immersive global field trips with the VXR Global Traveller app. Visit iconic locations like the Great Wall of China and Ancient Egypt, led by top teachers. Each trip offers 6-10 minutes of immersive learning with multiple language options. Subscribe to the Triple Play bundle for access to all trips. Expand your knowledge and explore the world with VXR Global Traveller.
